

## Live stream events hosting services at Nadaje.com

Nadaje Broadcasting has partnered with CDN77.com to deliver live streaming services on Nadaje.com streaming platform.

Our offer includes both open and token protected broadcasts and base on real bandwidth consumption or corresponding simultaneous viewer number.

### Live stream event pricing:

Bandwidth (Gbps)	Simultaneous viewer number			Price (EUR)
	Video quality @3 Mbps	Video quality @4.5 Mbps	Video quality @6 Mbps	
0,3	100	75	50	149
0,6	200	150	100	189
0,9	300	225	150	229
1,2	400	300	200	269
1,5	500	375	250	299
1,8	600	450	300	329
2,1	700	525	350	339
2,4	800	600	400	359
2,7	900	675	450	379
3	1000	750	500	399
4,5	1500	1125	750	459
6	2000	1500	1000	499
7,5	2500	1875	1250	529
9	3000	2250	1500	549
10,5	3500	2650	1750	579

---

12	4000	3000	2000	599
13,5	4500	3375	2250	649
15	5000	3750	2500	699

\* Video quality @3Mbps is best for online webinars, static discussions with presentations

\* Video quality @4.5 Mbps is best if you wish to include your company's product videos in high quality

\* Video quality @6 Mbps is best for live concerts

The final price is calculated based on real CDN bandwidth consumption after the event and peak simultaneous viewers number based on professional statistics service.

#### **Live event broadcasting service includes:**

- Primary and secondary Wowza Streaming Engine in the EU
  - Global content delivery network CDN77.com access
  - Up to 3 simultaneous live streams in one player
  - Restreaming up to 7 social media (FB/YT) or RTMP locations
